Ice storm damage 1/2021

Look familiar?

Have a tree that was damaged from the ice storm early this year? Not sure if your tree is still healthy or viable anymore?

Our ISA trained staff can provide written, professional assessments and explain recommendations on your options.

Brian Hill, CTSP

Plant Health Care Director

Oak Bros Tree Care and Removal

ISA Certified Arborist IL-9681A

ISA Tree Risk Assessment Qualified

Now is the time to get it done and fix it! Don't let another season of having tree and shrub issues pass you by until you end up replacing everything! Invest in your landscape and your wellbeing by letting Oak Bros do an evaluation of your property. An assessment by an ISA Certified Arborist, Illinois Commercial Applicator, and your local tree expert company can give you peace of mind and keep your property beautiful and productive.

Spring application treatments for fungal issues start in mid-April!
